It was thought that whenever a Democratic Governor was elected in Indiana the first requisition would be issued would be one for the re-W. B. O'Connell, of Mt. Sterling, turn of W. S. Taylor, but when that was planned it was not contemplated that the Governor of Kentucky would be a Republican.

leaves a wife and three children.

Glasgow, Ky., Jan. 10 .- Barren coun ty is not only famous as a tobac co raising county, but at this time it boasts of having the oldest person in the State if not the United States. The person in question is Israel Futnam Tisdale, a former playe, who according to his count, has seen; 119 summers. To be accurate, he claims that he will be 119 years of age in the spring-about Marchwho have known him the longest have the most faith in his claim as many who are now gray claim that "Uncle Israel," as he is called, looked as old fifty years ago as he does now, and to see the old man walking around one would never suppose he was like anything as old as he is-

If any one thing is more convincing than aother that Uncle Israel is as old as he claims, it is the fact that he has a son almost 80 years of age who looks as old as his father, and is almost as feeble.

BETTER CROPS

Of Corn is Urged for Kentucky. Prizes May Be Offered For The Best Samples.

Commissioner of Agriculture M. C. kankin has received from Charles W. Caldwell, of Boyle county, a crate of ears of some of the finest Boone county white corn that has been seen at the State Agricultural Department for long time. The cars are particularly well formed and avcrage over one pound to the ear-

This corn is the first received Sharpsburg, Ky., Jan. 15.-Citizens by the Commissioner in response to

All Records Eclipsed.

A few samples sent up to the mountain counties last year brought | cheese. surprising results and far eclipsed all records heretofore made for the tain valleys. The commissioner believes that by judicious distribution the proper advertisement of the results obtained a wonderful increase can be shown in the agricultural production of the mountainous region of the State.

Commissioner Rankin says that if the farmers would pay more attention to this crop that the State would soon be known as one of the greatest corn producing regions in the Union. Mr. Rankin declares that none of the States of the great corn belt have ever shown corn in ony way superior to some that has been raised in Kentucky, either in is a quality of the ear or quality of the

Fifty-five Bushels to the Acre. Speaking of the Boone county white samples of which Mr. Caldwell rent him, he said that in some sections as much as 55 bushels to the acre had been obtained, which is far above the average. By sending selected seed from this variety to the farmers the commissioner hopes to convince them soon of the wisdom of cultivating some standard and selected variety, instead of going along from year to year doing the best theyean with the same old stock.

One of the means which the commissioner hopes to be able to employ to convince the farmers of the rdvantages of the selection of high class seed corn is through a special corn exhibit at the State Fair at

Exhibit from Every County. With the assistance of Secretary J. W. Newman, whom we hope to enlist in the movemeunt, the colsulor

"A light purse is a heavy curse" Sickness makes a light purse. The LIVER is the seat of nine tenths of all disease.

ter, thoroughly, quickly safely and restore the action of the LIVER to normal condition.

Give tone to the system and solid flesh to the body.

Take No Substitute.

desires to have a corn exhibit from everly county of the State, if possibie. Suitable prizes will be offered for the best samples, and the spirit of competition that will be ungendered, he believes, will do much good, through the education of the corn grower in this way will prove of incalculable advantage.

The commissioner is confident that he will have the hearty co-operation of Secretary Newman and the other fair officials, and be believes that in this line a most valuable department can be added to the State's exhibition.

Companion John W. Jones.

icent Ruelr of the Universe in the exercise of His sovereign will and power has removed from our midst our beloved Companion, John W. Jones, who for many years was conspicuous figure in our fraternal gatherings, therefore,

Resolved, That we deeply mourn the absence of our friend and companion from our occasional meetlogs, and from the familiar scenes of every day life-

Resolved, That Companion Jones course of life marked him as a man of strictest integrity. He was scrupolous in the performance of every recognized duty to God, to his family, to the fraternity, to neighbors and to his country.

Resolved. That our order has lost a faithful and efficient member the church a conscientious devotee, his children a father of unsullied pame, society generally-and especlally young people-a noble example. and the country an upright and patriotic citizen.

Resolved. That we bow in humble submission to the Divine will and beseech the guidance of our Peavenly Father so that when the summons shall come to us, we shall be ready and cheerfully spond to the call which introduces us to the ineffable glories of the Divine presence and forever re-unite us to the loved ones who have gone

Odd By-Products of Cheese,

Champagne, paper, pearl buttons by-products in the manufacture of From the casein or whey, from the

skim milk cheesemakers have evolved a means of manufacturing an article and continue until May examination. equal to the best imported chamgagne, a button equal to the best ptarl ever found in the Mississippi river, and a gloss paper which rivals the product of Wisconsin paper mills. Only in the last year has this new field been opened to cheesemakers. Formerly the caseln was thrown away or given to hogs.

When the seventeenth annual convention of the Wisconsin Cheesemakers's Association opens in Frei Gemeinds Hall, the manufacture of the new by-products will be discuss-

Another product, comparatively new in the commercial world in connection with the dairy interests, is an article known as whey butter. This is a butter that has been made from a skim milk and as a substitute for real butter is said to answer all tests of the real article, except that it does not pass the present pure food laws Otherwise, whey butter is said to centain all the beneficial ingredients supposed to be found in the best creamery product.

Five Years

of Heart Trouble Cured by Dr. Miles' Heart Remedy

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had pains in my left side, and under my shoulder blade, could not sleep on the left side, and was so short of breath the least exertion would bring on the most distressing palpitation. I had scarcely taken a half bottle of the Heart Remedy before I could see a marked change in my condition. When I had taken six bottles I was cured."

MRS. C. C. GORKEY.

Northfield, Va. If there is fluttering or palpitation it is an indication of a weakness of the nerves and muscles of the heart. It is not necessarily diseased—just weak from over-work. The heart may be weak just the same as the eyes, stomach or other organs. You can make a weak heart strong by taking Dr. Miles' Heart Remedy. Get a bottle from your druggist, take it according to directions, and if it does not benefit he will return your money.
